## Mission

Fun fact: I started lashing out of my parents' basement, and when I had training, I would always have to rent spaces, pack my kits, massage tables, stools, floor lamps, and everything else! It was SO MUCH WORK!

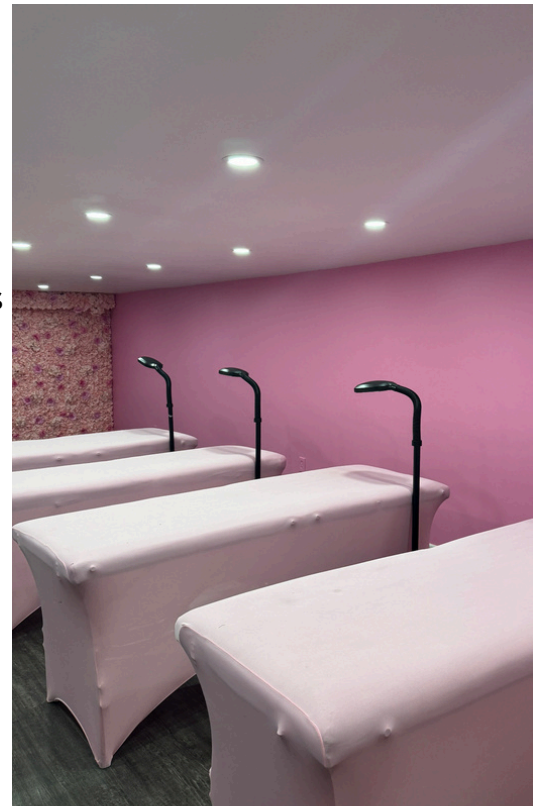

My goal is for the Lashed Toronto Academy to be a go-to space for beauty professionals looking for convenient and hassle-free hosting solutions for their own trainings.

WELCOME,

# LET'S SECURE THOSE DATES!

When securing your training dates, it is essential to remember that payment must be made in addition to a security deposit. The security deposit is meant to cover any damages or costs from your training. Once the training is completed, the security deposit is typically refunded to you as long as no issues or damages are incurred during the training. Overall, ensuring you have both the payment and security deposit ready when securing your training dates is essential. This will help ensure your training is booked and ready to go without unnecessary delays or complications. **Please note: Dates are not booked and confirmed until the full payment has been received and you have been personally contacted by management to confirm.**
